 [positivelifeassociation](https://www.facebook.com/positivelifeassociation)

Positive Life Association Ltd. (PLA) is a non-governmental organization exempt from tax under section 88 of the Inland Revenue Ordinance in Hong Kong.

Since its establishment in 2013, **PLA** has been conducting professional cognitive and psychological assessments, training and counselling to identify and expand the "potentials" and "strengths" of children and adolescents, in order to ameliorate their different learning disabilities and enhance their quality of life.

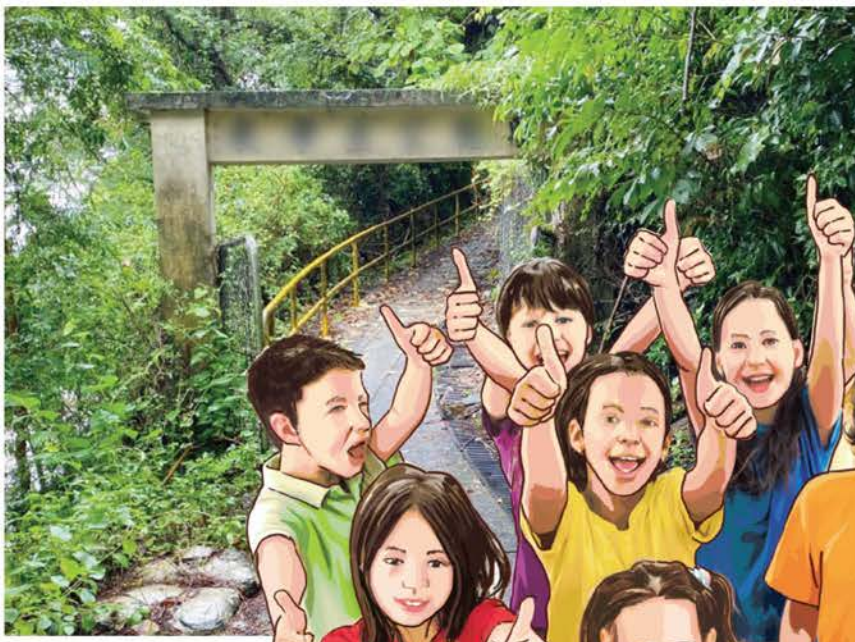

One of the **PLA** missions aims to build innovative schools (kindergarten, primary and secondary schools) to provide quality education.

In 2022, **PLA** is going to launch our mission of school building: **To build the First High-tech Kindergarten in Hong Kong.** The kindergarten site that is about 3,000 square meters is located in Ting Kok Village, Tai Po, New Territories.

Characteristics of PLA High-tech Kindergarten

1. Utilize multisensory individualized educational programs incorporated with advanced technology, artificial intelligence, audiovisual multimedia and interactive learning modalities to promote learning capacities and effectiveness. Young children will be able to access and experience the **STEAM** curriculum: **Science**, **Technology**, **Engineering**, **Art** and **Mathematics**.
2. Identify and expand students' **potentials** and **strengths**, fitted with matching teaching modalities and barrier-free learning environments in order to strengthen mutual understanding and promote effective learning and educational success.
3. Nurture students with values of **Positive Life Education** that includes three interactive elements: **Positive Thought**, **Positive Emotion** and **Positive Behaviour**. The goal is to build a constructive and happy life with positive characters, good communication skills and interpersonal relationship.

Please Support Us

The budget to build and start our High-tech Kindergarten is **HK\$60,000,000** (including making and buying textbooks and teaching materials, purchase of high-tech and artificial intelligence equipment, establishing a green campus, decoration costs and operating expenses for the first month of the kindergarten).

PLA is now launching the **“Bricks Donation Campaign”!** We cordially invite you, colleagues of your company, your friends and family members to participate in this campaign.

- ❖ To donate money in the form of “buying a brick” in support of building and starting the new kindergarten. The cost of each brick is **HK\$300**.
- ❖ Commemorate the donors of **HK\$200,000** or more, their names will be engraved on the brick wall of the new kindergarten building.

Your generous donation will contribute to building a better future for students with learning disabilities.

Each and every support is deeply appreciated!

PLA 磚塊籌款建校計劃 PLA Bricks Donation Campaign

捐款表格 Donation Form

(請在橫線上填寫或請用 ✓ 表示 Please fill in the blank spaces or use ✓ as appropriate)
